

## Permanent Magnet Lifter

Extremely compact, low in weight, robust & low maintenance. Suitable for flat and round material. It is also important that the surface is smooth & clean. Paint mud and rust or other dirt can affect magnetic field.

- Safety Factor 3.5:1
- Light and ingeniously structured.
- Strong permanent magnet circuit.
- Stable and lasting working.
- No electricity needed to operate.
- Strong pull-off strength.
- High safety factor and reliable quality.
- Ideal in lifting facility for factories, docks, warehouses & transportation.
